

Tools LowPoly Pack Lite by ResilientLogicGames

Email: resilientlogic@gmail.com

Current version: v1.0 in March 2024

Description: 5 low poly models of various farming and gardening tools. You can use these assets for your games right after importing the asset.

Content:

- *Hoe*
- *Spade*
- *Spading Fork*
- *Bucket*
- *Sickle*

Future develop: If these package prove popular, we will create further models to be added to this set. Thank you!

All assets ready to be used. Enjoy!
